

## DATA SHEET

**Product overview** 

| Name                   | CELT-249 (cat n. MUSCR-589-2)   |
|------------------------|---|
| Short description      | Potent hM <sub>1</sub> /M <sub>2</sub> muscarinic receptors fluorescent antagonist.   |
| Biological description | It shows high affinity for $hM_1$ and $hM_2$ muscarinic receptors (K <sub>i</sub> = 133.0 nM and K <sub>i</sub> = 11.5 nM respectively in radioligand binding assay). |
| Biological action      | Modulation of $hM_1$ and $hM_2$ muscarinic receptors by orthosteric antagonism.   |
| Quantity               | 10 µg   |
| Purity                 | > 95%   |

| Properties                 |  |  |
|----------------------------|--|--|
| Molecular Weight           | 1219.51  |  |
| Source                     | Synthetic  |  |
| Appearance                 | Purple solid   |  |
| Formulation                | Solid  |  |
| Excitation                 | 589 nm   |  |
| Emission                   | 616 nm   |  |
| Pharmacological validation | The efficacy and potency of CELT-249 as a hM <sub>1</sub> /M <sub>2</sub> fluorescent muscarinic receptor ligand was confirmed by a radioligand binding assay. |  |
|                            | Storing and Using product  |  |
| Storage instructions       | -20 °C (protect from light).   |  |
| Solubility overview        | Soluble in DMSO.   |  |
| Stock solution             | Add 82 $\mu L$ of DMSO to obtain a 100 $\mu M$ stock solution. We recommend not exceeding 1% of DMSO in the final assay solution.                              |  |
| Handling                   |  |  |

|                     | homogeneous. We do not recommend using the product after subjecting it to repetitive freeze-thaw cycles.                                |
|---------------------|---|
| Shipping conditions | The product, as a solid, is stable at ambient temperature for periods of up to a few days and does not require shipping on ice/dry ice. |
| Important           | This product is for RESEARCH USE ONLY and is not intended for therapeutic or diagnostic use. Not for human or veterinary use.           |
